Discontinued CE Courses Form

On occasion it is necessary to discontinue CE courses due to dated information or replacement with a newer CE course. If you have a discontinued CE course and you want to take the CE test, contact Customer Service at 800-875-4404 for assistance.

Note that ASCLS P.A.C.E.® approval lasts only two years. Courses that are re-approved by P.A.C.E.® must be given a new course number, and the expired course number is discontinued.

The following CE course numbers are discontinued.
