Certification Pin, Patches and Wristband Order Form

In 2008, NCCT released a *Professional Series* of continuing education courses.

Aspects of Professionalism 1 discusses the importance of integrity/honesty, competency, and ethical behavior.

Aspects of Professionalism 2 covers the professional traits of resilience, respect, and reliability.

Aspects of Professionalism 3 describes the professional characteristics needed to be a team player, utilize effective time management, and effective communication skills.

To highlight these professional attributes, NCCT offers silicon wristbands for each of the professional traits discussed in these courses. There are nine wristbands in all; each sporting a different symbolic color with the professional attribute printed using debossed letters. The wristbands are available for purchase at \$1.00 each while quantities last.

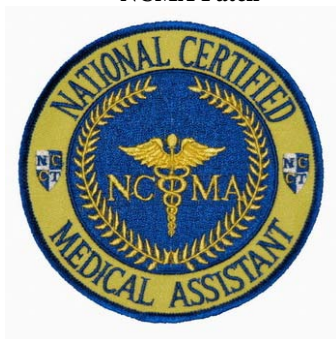

CERTIFICATION PINS, PATCHES, & ALUMNI PINS

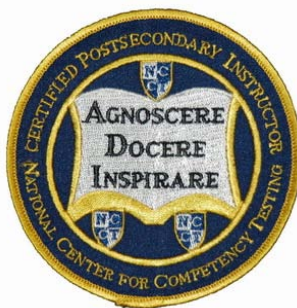

Publicly acknowledge your certification with lapel pins, alumni pins, and patches! NCCT designed striking cobalt blue and gold pins and patches for individuals who hold our national certifications. These are symbols of distinction and they display that you are certified as a professional in your field. You may view photos of the pins and patches on our website at www.ncctinc.com.

NCCT also offers beautiful embroidered certification patches for Medical Assistants, Phlebotomy Technicians and Certified Postsecondary Instructors®. The 100% cotton patches can be sewn onto lab coats, uniforms, shirts, and hats to proudly display your professional certification. Additional certification types will be available in the near future.
