

The Profession of Medical Insurance and Coding

The Insurance and Coding Specialist certified by NCCT can find a rewarding position as a health insurance claims processor or coder in a medical office practice. This position is vital in making sure that patient billing and reimbursement are both accurate and complete.

Areas of study on the exam include:

- Medical Billing Procedures
- Insurance Claims Processing
- Medical Terminology
- CPT Coding
- ICD-9-CM Coding
- HCPCS Level II Coding

NCCT is a premier testing service that meets the needs of employers, schools, and students throughout the U.S. and abroad.

NCCT

National Certified Insurance & Coding Specialist

To qualify, you must be:

- 1) A high school graduate or equivalent and
- 2) A graduate of an approved program of study in Insurance and Coding or documentation of at least one year experience as an Insurance and Coding Specialist

Is my program approved?

Ask your College Dean or School Director and if not, have them call NCCT to submit documentation for consideration.

SIMPLY CALL 1-800-875-4404

How do I stay current?

All it takes is 14 clock hours of NCCT continuing education to remain current in your certification each year. At a cost of less than \$6 per contact hour, you can complete your CE in the privacy of your own home. The NCCT renewal process is that easy! That's why more than 150,000 people choose NCCT!

The natural path to becoming
a
PROFESSIONAL

Is Certification Important...

...to your employer?

That is a preference of each organization, but many make certification a requirement for employment—or may give hiring preference to applicants who are certified over those who are not.

...to your patients?

Have you ever been sick? Has any member of your family been sick? Your Mother? Father? Spouse? Child? Would you want the health care professional working with their medical records to be knowledgeable enough to get them right?
