Answer Sheet Instructions

Rev: March 2014

Selecting CE Courses

There are no required CE courses for a specific certification. You may select and complete any CE course with some exceptions (see below). The following guidelines to select CE courses may be used.

- 1 Select courses that are applicable to your profession as your first choice.
- 2 Select courses that are of interest to you or that will enhance your overall knowledge as second choices, as needed to complete your required number of Clock Hours for renewal.
- 3 Note that NCCT offers certification for many entry-level professions. Not all CE courses are applicable to everyone.
- 4 Do not repeat a course you have taken before. Credit is not given for a course you have already successfully completed. If you cannot locate your transcript from the previous year, you can review and/or print your transcript from the NCCT website.
 - a Go to www.ncctinc.com.
 - b Log in with your User Name and Password. If you do not have a User Account, click *Create Account* and follow the instructions to obtain a user name and password.
 - c After you are logged in, select *Recertification/CE*. From the left menu, select *CE Transcript*.
 - d On the CE Transcript page, click on the link to *Download/Print* your transcript.
- 5 You will only earn credit for the number of Clock Hours you have purchased. Select courses whose Clock Hours will be equal to or slightly more than your required number when added together.
 - We know that not every combination of courses will add up evenly to your required number of Clock Hours. That is fine. As long as your total is at least your required Clock Hours number and only a couple of Clock Hours over, you will receive credit for your required number.
 - Excess number of completed Clock Hours cannot be held over to the next renewal cycle.

Completing CE Answer Sheets *

You will receive answer sheets with your CE order request. If you order a book, the answer sheets are found at the back of the book. Other important information about completing answer sheets follows. See the following page for pictures demonstrating correct completion of answer sheets.

- Use only the answer sheets provided (NCS Pearson Form #224944).
- Use one answer sheet per CE course.
- Use only a #2 pencil to complete the answer sheets.
- Fill out the answer sheet EXACTLY as described in the CE Answer Sheet Instructions.
- For True/False questions, fill in response (a) for a true statement (this is the oval under the "T") and response (b) for a false statement (this is the oval under the "F").
- The computer grading system can accurately grade only original answer sheets. Please do not photocopy answer sheets. If you need more answer sheets, send an email to conted@ncctinc.com and request a specific number. If you cannot send an email, call Customer Service.
- Do not staple answer sheets together. The perforations made in the paper can cause the computer system to grade the tests incorrectly.
- The computer grading system will not accurately grade faxed answer sheets.

- Mail the answer sheets to NCCT at 7007 College Blvd., Suite 385, Overland Park, KS 66211.
- Answer sheets that are photocopied, incomplete, inaccurate, and/or incorrectly completed will be returned and a \$12.00 reprocessing fee will be charged.
- Do not return the printed CE books or the CD. These are yours to keep.
